Bristleless hygiene means dripless and no mess.
Long product lifespan means good value and sustainability.
Ergonomic, extra long handle for better control.
Award winning designs that combine good functionality
with elegant design.

Patent technology protected

Hygienic

- bristleless cleaning

THE HYGIENIC & LONG LASTING CHOICE

It's a game changer...

FEATURES

ANTI-MICROBIAL

To avoid spread of bacteria, products are made with build-in antimicrobial technology from Microban.®

SUSTAINABLE

High quality product with a long life span means less disposal of plastic waste and less water consumption, since you only need to flush once.

INNOVATION

The patented bristleless cleaning head means no dirt or used toilet paper gets stuck in the cleaning head. For a much more sanitary experience.

FUNCTIONALITY

Functional design that works. Easy, convenient, and complete cleaning in every corner every time - even under the rim.

HYGIENE

High grade water repellent materials ensure a dry cleaning head and holder, which reduces the spread of bacteria.

TWO MODELS

- for different segments

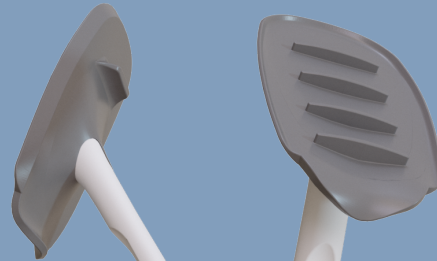

ORIGINAL

- for upmarket

ERGO 2.0

- for retail

ULTIMATE

Hygiene

A hand holding a spatula with glowing blue lines, surrounded by circular callouts highlighting features: "Anti-microbial Up to 99% Free Performance", "Bristleless No mess Hygiene", and "Dripless Material". A close-up of the spatula head is shown on the right.
